What is NEP in Indiana?
The Nutrition Education Program is a program for limited resource audiences operating in partnership with Purdue Extension, Indiana Family and Social Services Administration, The National Institute of Food and Agriculture and Food and Nutrition Services. In 2014 the program was provided in 91 Indiana counties.

What Audience is served?
NEP serves SNAP (Supplemental Nutrition Assistance Program, formerly Food Stamps) recipients and SNAP eligible persons, such as singles, homeless, migrants, single mothers, families with and without children, and the elderly.

Who are your partners?
The impact of NEP is maximized through its partnerships in education with community agencies and organizations such as the Division of Family resources, schools, learning centers, libraries, WIC, health departments, senior centers, congregate meal sites, shelters and crisis centers.

What is your goal?
The goal of NEP is to improve the likelihood that SNAP participants and applicants will make healthy choices within a limited budget and choose active lifestyles consistent with the Dietary Guidelines for Americans.

2014 Outcomes and Impacts
Of the clients surveyed:
- 54% increased vegetable consumption.
- 63% reported improved meal planning.
- 87% use the nutrition facts label to choose foods when shopping.
- 49% increased their whole grain consumption.
- 36% increased physical activity levels.

Learn More about Purdue Extension
